

2017 SJRRP Monitoring and Analysis Plan Pre-Proposal Form

Principal Investigator:

Agency/Organization:

Phone Number:

Email Address:

Collaborators:

Study Title:

MAP study # _____
if a continuing Study

Proposed Funding Source: Federal State Other:

Total Anticipated Study Cost _____ Matching Funding Amount _____ Requested Funding Amount _____

Multi-year study? No Yes If yes, how many years proposed? _____

Please outline activities for each proposed (or remaining) year, including approximate amount of funding requested for each year, and when deliverables will be available for the Program.

Study deliverables: Memo Full Report Presentation | Excel Data GIS Shapefiles Access Database

Other (explain):

Related Studies:

Cost Sharing Opportunities between Studies:

Fieldwork Start Date:

Fieldwork End Date:

Site Location(s):

Flow Requirements (cfs):

Not in channel / unaffected by flow

Flow Restrictions (cfs):

Water Year Type Required for Study: Critical-High Dry Normal-Dry Normal-Wet Wet Any

If other, explain:

Describe any other necessary environmental or flow conditions:

Other Logistical Information or Study Dependencies

<Explain any study requirements not addressed above>

Summary of Study Plan and Objectives

<Provide citations where relevant>

Anticipated Results and Significance to San Joaquin River Restoration Program
