

Field Activity Advisory Reach 2B Geotechnical Explorations December 2022 – February 2023

The San Joaquin River Restoration Program (SJRRP) is preparing to conduct geotechnical investigations near Mendota, in Reach 2B of the Restoration Area. This data collection effort will inform the Mendota Pool Bypass & Reach 2B Improvements Project (Figure A) 60% design phase.

Who: U.S. Bureau of Reclamation (Reclamation) contractors

What: Reclamation will collect geotechnical data using a truck and track mounted drill rigs to determine soil characteristics.

Example drill rig

When: December 1, 2022 through February 28, 2023

Where: Near Mendota Pool within Reach 2B of the Restoration Area (see Figure A)

Questions about SJRRP field activities on public and private land should be directed to the SJRRP Landowner Coordinator below. Questions about the SJRRP should be directed to the Public Affairs Specialist below.
